RESOLUTIONS FOR CONSIDERATION

OTHER BUSINESS

Mr. Metcalf highlighted the impact of onboard camera technology with live-view capabilities, which allows for real-time monitoring across the system. By working closely with local authorities and utilizing daily missing persons reports, they have been able to respond quickly and effectively. So far this year, transit police have successfully identified and returned five missing juveniles to their families. This demonstrates that while technology investments come with a cost, they provide significant community safety benefits and meaningful outcomes.

CALL FOR THE ADJOURNMENT
