Match the numbered circle on the map to the column of times with the same number to see when the bus serves that location (these locations are called timepoints).

To determine when the bus serves a stop between different timepoints, look at when it is due at the timepoint before your stop and the timepoint after your stop, and you can estimate when the bus will arrive. PM times in bold. Always be at your stop 5 minutes early!

 This symbol indicates transfer points. Routes serving a transfer point are indicated at the top of the time schedule, just above the name of the stop.

Please Note
PM times in bold. Bus schedules do not reflect route
detours. For a complete detours list, visit
yourmetrobus.org/route-detours.aspx.
