### Route 27: W. Exchange/Merriman Valley Weekend Schedule

**Help Wanted!**

**How to Read the Schedule**

- Match the numbered circle on the map to the columns of times with the same number to see when the bus serves that location (these locations are called timepoints).

- To determine when the bus serves a stop, find the nearest timepoint before your stop and the next timepoint after your stop, and you can estimate when the bus will arrive. PM times are always 1:00 min. behind AM times.

- This symbol indicates transfer points. Routes serving a transfer point are indicated at the top of the time schedule, just above the name of the stop.

**Questions?**
